eEmpACT Software Adds 500 New Users in June; Version 14 Contributing To Success

New Version Accounts for Six Large Customer Wins

MINNEAPOLIS, MN (July 5, 2007) – eEmpACT Software (a Bond International Company) recently welcomed six new staffing business clients from across the United States during the month of June. With more than 500 combined new users, eEmpACT will be implemented in various cities throughout California, West Virginia, New York, New Hampshire, Kentucky, Texas and Wisconsin.

“We are excited to bring each and every new user on board,” said eEmpACT VP of Sales & Marketing, Claudette Jaswa. “The faster we can get them trained and implemented, the more quickly they can utilize and benefit from the features in the software, ultimately making each business more competitive.”

Below is a brief description of some of the new customers:

- **United Talent** – A locally owned multi-branch staffing service, United Talent has been providing temporary and full-time employees to West Virginia business since 1967. United specializes in clerical and industrial and will be utilizing all eEmpACT products via our ASP model.
- **Leadpoint** – A Phoenix-based company with four branches, Leadpoint specializes in administrative, clerical, customer service, light industrial/production, IT and medical placement.
- **Technical Needs** – A Top 5 Fastest Growing Company in New Hampshire for two years in a row, Technical Needs has multiple branches servicing the New England area. They provide professional, technical and traditional staffing.
- **Greystone Staffing** – GreyStone’s divisions cover a wide spectrum of temporary and permanent staffing which currently include accounting, finance, creative services, IT, healthcare and more. GreyStone serves the business communities of Long Island, New Jersey and the five boroughs of New York.
- **SFS Group** – A Wisconsin-based company specializing in aviation staffing.

The recent spike in sales is attributed to eEmpACT’s new version 14 release, which is the only complete front and back office staffing software available on the U.S. market. New features such as General Ledger, Accounts Payable, Advanced Scheduling and eConnect Web Portal have provided a complete solution for those seeking robust, yet affordable staffing software.

“No other solution on the market offers a package that merges front office applicant features, web portals, payroll, invoicing, accounts receivable, general ledger and accounts payable into a single Microsoft SQL database design,” said eEmpACT President & CEO Tim Giehl.

About eEmpACT Software

Since 1990, eEmpACT has designed software for temporary staffing services, direct hire recruiting companies, consulting firms and corporate human resource departments to improve their productivity and deliver a higher level of service to their candidates, customers and employees. With nearly 1,000 customers and more than 40 employees, the company has offices in Minneapolis, Atlanta and

San Francisco. Developed specifically for the staffing industry, eEmpACT software combines a complete order/assignment placement and resume retrieval system with powerful accounting and customer relationship management (CRM) technology. Featuring both front- and back-office components, it provides a total and seamless recruitment, assignment, payroll and invoicing software solution that is smart, flexible and easy to use.
