

# Annual Staff Performance Program

## A service wake-up call for your entire team!

With eEmpACT's robust service offerings, how do you choose which services are the best fit for your organization? With the new Annual Staff Performance packages, you don't have to! Now you can bundle the most popular eEmpACT services tailored to fit your needs, depending on company size. Whether you are a single user or have more than 50 users, eEmpACT Annual Staff Performance packages are a great way for you to get your entire staff up to speed on all the latest from eEmpACT. Take advantage now and save money with our summer specials!

## What's included in the packages?\*

**Productivity Analysis Program**– Let us take a look at your current system processes and make recommendations to further improve your staff's overall productivity!

**Refresher Training**– Included with the Productivity Analysis, our expert implementation consultants can help you brush up on areas of the software you have questions about.

**Online Training**– Learn eEmpACT front office at your own pace, and at your own computer! With instant reporting capabilities, you can monitor your staff's retention rates.

**eEmpACT Site Training**– You decide what to train on! At either our Minneapolis or Atlanta offices, take advantage of our University classes or be part of regular classroom training.

**Phone Training**– Accommodate your busy schedule and enjoy a one on one review for specific software features and functions you need help with. Using Webex capabilities over the computer, it's a must have for all visual learners!

**Train the Trainer**– Become a certified eEmpACT Trainer and teach your own staff the entire product! With teach-back sessions and one on one instruction, it's sure to be a solid investment for your staffing company.

**Remote Upgrade Installation**– Let us help you upgrade your software right from our site, working together to ensure successful installation.

**Upgrade Training**– If technology is not your forte, you may need assistance with your upgrades– let us give you a hand!

\*Not all packages include all services listed. Please see back side for complete package details.
